

Product Data Sheet – Aqua Level Pro

(Waterproofing & Exterior Wall Leveling Paste)

1. Product Description

Aqua Level Pro is a ready-to-use, high-performance waterproofing paste designed for leveling and smoothing exterior walls. Formulated with advanced acrylic polymers and waterproofing agents, it provides excellent adhesion, flexibility, and long-lasting resistance to water, UV rays, and harsh weather conditions.

2. Uses

- Leveling and smoothing exterior wall surfaces before painting or decorative coatings
- Waterproof base layer for outdoor finishes
- Repairing uneven plaster or render
- Suitable for concrete, blockwork, plaster, and painted surfaces

3. Features & Benefits

- Ready-to-use, no mixing required
- Strong waterproofing performance
- Excellent adhesion to multiple substrates
- Flexible – resists cracking due to surface movement
- Smooth, easy-to-apply texture
- UV and weather resistant for long-term durability

4. Technical Data

Property	Value
Appearance	Smooth paste
Color	White / Off-white
Binder	100% acrylic polymer
Solids Content	70–75%
Water Resistance	Excellent
Coverage	1.0–1.5 kg/m ² per mm thickness
Application Thickness	1–3 mm per coat
Drying Time	Touch dry: 4–6 hours – Recoat: 12–24 hours
Full Cure	7 days
Shelf Life	12 months in original sealed container

5. Application Instructions

1. **Surface Preparation:** Ensure the surface is clean, sound, and free from dust, grease, or loose particles.
2. **Application:** Apply with a steel trowel or putty knife in thin, even layers. For heavy leveling, apply in multiple coats, allowing each coat to dry fully.
3. **Finishing:** Smooth the final layer with a trowel for a perfect surface before painting or coating.

6. Packaging

Available in 5 kg and 20 kg plastic pails.

7. Storage

Store in a cool, dry place away from direct sunlight and frost.

8. Safety Precautions

- Avoid contact with eyes and skin.
- Wear gloves and protective eyewear during application.
- In case of contact, rinse with clean water immediately.
